**Overview:** The NFCT has worked with the Town of Plattsburgh to install a primitive campsite on a town parcel at the end of LaPierre Lane. The site is approximately ¼ mile downstream of the Route 22B bridge in Morrisonville on river left.

**Site Information:** The campsite is marked with a riverside post marked "LaPierre Lane." Upon landing, you will find yourself on a small loop trail that follows the border of the small town parcel. The campsite's tenting area is tucked back in the woods down a small trail corridor near the take-out. The campsite has a level area that can accommodate up to three tents. There is a picnic table and a sign-in box (please sign-in). However, no privy was installed. Please use all [Leave No Trace Principals](#), including burying all human waste in catholes dug 6-8 inches deep and well away from the river.
